WAUKESHA, Wisc. — June 25, 2020 — INNIO* Waukesha* announced the appointment of Pier Parisi as Vice President of Sales and Service for the Waukesha Gas Engines business.

Pier Parisi brings extensive technology leadership skills and change management expertise to both INNIO and Waukesha, according to William “Bud” Hittie, President, Waukesha business. “We are pleased to welcome Pier to the INNIO Waukesha team to lead the Waukesha gas engines commercial team,” Hittie said. “His customer-centric focus, strong record of building deep and committed teams, while improving service reliability provide critical skillsets that will be instrumental in driving market expansion and profitable growth for Waukesha business.”

“The INNIO Waukesha business has a strong, brand and product line-up that has earned a stellar reputation”, Parisi said. “I am excited to join INNIO Waukesha as it is truly a business with a capable team, storied legacy and bright future,” said Parisi. We are well-positioned to extend our growth trajectory for many years to come -- with new investments in technology such as the VHP Series Five Engine, 275GL+ w/ESM2 Engine and myPlant* APM solution, along with, enhanced support in the form of parts and services. I look forward to growing our business and opportunities with the INNIO Waukesha team.”

Pier joins INNIO Waukesha following a long and successful career in Oil and Energy. He has deep experience leading large, international sales and service organizations. Additionally, he has served in variety of business leadership roles with Apergy, Roper Technologies-Compressor Controls Corporation, GE and the Formas Group. He holds a Bachelor of Arts in International Affairs with a Minor in Economics from the University of Nevada, Reno. He also carries an MBA in Global Management from the University of Phoenix. In addition to several other certifications, Pier is a Six Sigma Master Black Belt. Finally, he has strong language skills – English, Spanish, Italian, German and French.

INNIO Waukesha's commitment to the industry spans more than 100 years. The business works every day to build on this foundation by evolving engine technologies, creating new service innovations and increasing the impact for their distributors and customers worldwide.

Waukesha's gas engines are built to work tougher, longer and smarter for the oil and gas industry's most challenging and remote environments. In addition to the Waukesha, Wisconsin, operations, INNIO's flagship Waukesha gas engines are manufactured and shipped from Welland, Ontario, Canada.

About INNIO

INNIO is a leading solutions provider of gas engines, power equipment, a digital platform and related services for power generation and gas compression at or near the point of use. With our Jenbacher and Waukesha product brands, INNIO pushes beyond the possible and looks boldly toward tomorrow. Our diverse portfolio of reliable, economical and sustainable industrial gas engines generates 200 kW to 10 MW of power for numerous industries globally. We can provide life cycle support to the more than 48,000 delivered gas engines worldwide. And, backed by our service network in more than 100 countries, INNIO connects with you locally for rapid response to your service needs.

Headquartered in Jenbach, Austria, the business also has primary operations in Welland, Ontario, Canada, and Waukesha, Wisconsin, US. For more information, visit the company's website at www.innio.com. Follow INNIO on [Twitter](#) and [LinkedIn](#).
